

Journeyman Ironworker

Type: Full-Time

Location: Acheson Alberta (west of Edmonton)

Rozen Steelworks is a leading industrial fabrication shop in Alberta, specializing in complex, large-scale structural projects for critical sectors like the oil sands, mining, and infrastructure. We pride ourselves on precision, quality, and an unwavering commitment to our clients and team, providing comprehensive solutions, including specialized fabrication for tailings management. We are currently looking for a dedicated Journeyman/woman Ironworker to join the Rozen Steelworks team in Acheson, AB.

Key Responsibilities:

- Erect and install structural steel including beams, columns, braces, trusses, platforms, stairs, and miscellaneous steel
- Safely rig, signal, and guide structural steel during lifting and placement operations
- Align, level, plumb, and secure steel members using appropriate tools and equipment
- Install and torque structural bolts in accordance with project specifications and applicable codes
- Perform field modifications and fitting to ensure proper assembly and alignment
- Perform SMAW and FCAW welding for structural connections, repairs, and fabrication in all positions
- Read and interpret structural drawings, erection plans, shop drawings, weld symbols, and fillet weld sizing
- Read and follow work orders to produce work meeting required specifications
- Apply required procedural markings to product
- Operate aerial work platforms, telehandlers, and other construction equipment as required
- Inspect connections, welds, and installed steel for compliance with quality standards
- Conduct pre-job and pre-task inspections; monitor equipment, parts, and tools for hazards or potential downtime
- Participate in hazard assessments and toolbox meetings
- Complete scheduled work in cooperation with the foreman; report material discrepancies or equipment issues promptly
- Work safely in tight confined spaces as required
- Maintain a clean, tidy, and safe work area at all times
- Work effectively with supervisors, crane operators, and other trades to achieve project objectives
- Other duties as required

Requirements:

- Journeyman Ironworker (Generalist) ticket from a recognized provincial training authority
- CWB certification – FCAW ticket
- Minimum 2–3 years of experience in structural steel erection in commercial or industrial environments
- Proficiency in structural bolting and steel alignment procedures
- Current Confined Space Entry ticket
- Current WHMIS certification
- Fall Protection, EWP, Rigging and Hoisting certificate considered an asset
- Valid driver’s license and reliable transportation
- Strong commitment to safety and quality workmanship
- Self-motivated, detail-oriented, able to work with minimal supervision and in a team environment

To Apply: Interested candidates are invited to submit their resume and cover letter detailing their academic background and relevant experience to careers@rozensteelworks.com. Please include "Journeyman Ironworker" in the subject line.
